Welcome to our 2009 "Daybreaks" brochure.

In 2008 we celebrated both our 70th Anniversary and one of our best years for our "Daybreaks". However the numbers for our tours have continued to decline. For 2009 we have decided to concentrate on our "Daybreaks" and no longer produce a Tours Brochure. For those of you who have previously travelled on our holidays we are offering an alternative. We are aware that the current trend is for 5/6 day tours as opposed to 8 day tours therefore we are offering an opportunity for such tours by running "Daybreaks" to the same destination twice in one week, together of course with our normal Saturday and Monday service to Weston Super Mare. We will be able to give advice in suitable accommodation, any local excursions offered by local coach companies and local tourist information.

A recent survey revealed that coach travel was the least stressful way to travel and of course in these days of environmental issues a very green way to travel. (In fact by adopting our green/cream livery in 1976 we feel we were the first coach company locally to Go Green)

Finally we are continually looking for new destinations and attractions so yours suggestions are always welcome.

Some of our excursions are not suitable for the less able, if you have any concerns please ring the office for more information
